ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

(2) Each dealer and exhibitor shall assure that the attending veterinarian has appropriate authority to ensure the provision of adequate veterinary care and to oversee the adequacy of other aspects of animal care and use.

****The veterinary staff has not been kept adequately informed of animal movements and shipments. According to zoo policy developed by the veterinary staff and approved by zoo management all incoming animals must go through a 30 day quarantine overseen by the veterinary department. Management has bypassed quarantine recommended by the veterinary staff in at least one instance. A zebra was brought in and moved directly to exhibit holding without going through quarantine recommended by the attending veterinarian.
